NOTES—First Sheet.

GPB—35,000—15-6-12

1) 9. During the year under report, only five schemes estimated at Rs 38,718 ~~was~~ were consi-dered by the Central Sanitary Board. The work done during the year was thus unimportant. En-quiries are being made sepa-rately as to whether the Board cannot make themselves more useful in future, both to Gov-ernment and local bodies, by investigating and suggesting new Sanitary Schemes and measures.

Subd to Dy Secretary

The Dewan de-sires that a draft making the en-quiry may be put up.

12.12.13.

2) Asst. Secy. will kindly study the Const of the S.C.B & put up a draft.

N o t e

At the informal meeting of the Second Member of Council and the Sanitary Commissioner it was agreed that District Sanitary Boards are unnecessary and that Sanitary Committees of District Boards may be constituted for that purpose.

2 Initiative for the preparation of a programme of Sanitary works is vested in the District Sanitary -- Boards in the draft rules. This provision as regards initiative has now to be transferred to the Central Sanitary Board with suitable modifications.

3 The necessity for investing the Central Sanitary Board with some scope for initiative has also been recognized in para 9 of the review on the Annual Sanitary Report for 1912. The draft rules have therefore been revised to give effect to the above ~~intentions.~~

4 As ordered by the Second Member, a draft forwarding these to the Sanitary Commissioner for his opinion in consultation with the Central Sanitary Board is put up.

Draft rules for the conduct of the business of the Central Sanitary Board.

OPINION OF THE COUNCIL.

Central Sanitary Board ~~Rules~~.

Rules -

7

1. The Central Sanitary Board shall consist of ~~five~~ members, viz.;

1. The Sanitary Commissioner (President)
2. The Revenue Commissioner.
3. The Chief Engineer.
4. The Deputy Sanitary Commissioner (Secretary)
5. The Sanitary Engineer.

2. It shall be the duty of the Central Sanitary Board to advise on all schemes for sanitary improvement, costing Rs.5000/- and above that may be referred to it for consideration by any local authority or by the Chief Engineer o or by ~~the~~ Government.

3. It shall also be its duty to give advice generally on all sanitary matters of immediate practical interest that may be referred to it for opinion.

4. No sanitary work or project costing more than Rs.5000 shall be undertaken by any local authority or department of the Government without the previous approval of the Sanitary Board.

The term "Sanitary work or project" includes:-

(a) construction of hospitals, dispensaries, markets, slaughterhouses ~~etc~~,

(b) works relating to town improvement, such as extensions, formation or removal of villages ~~etc~~,

(c) Works relating to water supply,

(d) works relating to drainage,

(e) new constructions including Public buildings intended for the accommodation, regularly or periodically of large numbers of people, such as scho Public Halls ~~etc~~,

Note. No sanitary work costing Rs.1000 and above

(16

shall be executed by any local authority or Department of Government without the estimate therefor being previously sent to the Sanitary Engineer for professional scrutiny.

5. In the case of works falling under Rule 4 and 4(m) requiring the sanction of Government, estimates and connected papers should be submitted through the Central Sanitary Board or the San^{y} Engr as the case may be.

6. All new or revised projects sent up by the Board of Trustees for the City Improvement, Mysore, shall be carefully scrutinised and checked in the Chief Engineer's office in respect of their engineering features and then ~~placed before~~ forwarded to the Central Sanitary Board for approval. After approval, they shall be forwarded to Government for sanction through the Chief Engineer. (4(m) kept the San^{y} Comm^{r})

7. After an estimate has been duly sanctioned by the proper authority, the Central Sanitary Board shall have no control over the execution of the work, but it shall be open to the Board to make proposals as to any modifications which it considers desirable from a sanitary point of view. These proposals shall be taken into consideration by the authority executing the work and be given effect to as far as possible, provided that, when such authority is unable to accept the proposals the matter shall be submitted to Government for orders.

8. It shall be the duty of the Sanitary ~~Commissioner~~ Superintendent and ~~the Deputy Sanitary Commissioner as the President and the~~ Secretary of the Central Sanitary Board, to bring from time to time, to the notice of the Board, schemes for the improvement in the Sanitary condition of any particular locality or of the State as a whole. When the necessity for such schemes is recognised by the Board, they shall be included in a register of schemes which require attention immediately or in the near future. A list of such schemes entered in the order of their urgency shall be forwarded to the

(18

15. All resolutions shall be published in the Mysore Gazette as soon ~~as,~~ after they are passed, as possible.

16. In the event of a difference of opinion among the members of the Board, the decision of the majority shall prevail, the President having a casting vote, when votes are equally divided. But any member may record a minute of dissent and may require that the same be submitted with a copy of the resolution to which it relates, for the --- orders of Government.

17. Each authority executing any work on which the Central Sanitary Board have advised, shall, not later than 31st January every year, furnish information to the Central Sanitary Board, as to the progress made in the execution of each work together with explanatory remarks in case of delay or failure to carry out any of the estimates. Such statement shall be incorporated by the Sanitary Commissioner in the Annual Sanitary Report submitted to Government.

18. The Sanitary Engineer shall through the Chief Engineer furnish a similar report to the Central Sanitary Board, in respect of the estimates falling under his jurisdiction.

For My Secretary

No. 10647

To

The Sanitary Commissioner in Mysore

Dated 23 April 19

Sir,

With reference to the conclusion arrived at, at the informal Conference o the 7th instant, I am directed to forwa herewith a set of rules for regulating t conduct of the business of the Central S nitary Board.

You will find therefrom that the provisions relating to the District San tary Boards have been omitted and certa rules providing for initiative by the Ce tral Sanitary Board are included in pur- suance of para 9 of the Government Orde No.6101-9/San.44-13-4 dated 13th Decembe 1913 reviewing the report on Sanitation in Mysore for 1912.

The rules further provide for ves ing the Central Sanitary Board with juri diction over not only the works executed by local bodies but also by the several Departments of Government.

I am to request you to be so good to obtain the opinion of the Central San tary Board on the draft rules and resubm the

them with such amendments as they deem fit to propose.

I have etc.,

Secretary to Government.

.L.

(2

Central Sanitary Board

Rules

1. The Central Sanitary Board shall consist of ~~five~~ members, viz

1. The Sanitary Commissioner/President
2. The Revenue Commissioner
3. The Chief Engineer
~~4. The Inspector General of Education~~
4. The Deputy Sanitary Commissioner (Secretary
5. The Sanitary Engineer

2. It shall be the duty of the Central Sanitary Board to advise on all schemes for sanitary improvement costing Rs 5000/- and above that may be referred to it, for consideration by any local authority or by the Chief Engineer or by Government

3. It shall also be its duty to give advice generally on all sanitary matters of immediate practical

practical interest, that may be referred to it for opinion.

4. No Sanitary work or project costing more than Rs 5000/- shall be undertaken by any local authority or department of the Govt without the previous approval of the Sanitary Board.

The term "Sanitary work or project includes:-

(a) Construction of Hospitals, dispensaries, markets, ~~[illegible]~~ slaughter-houses &c

(b) works relating to town improvement, such as extensions, formation or removal of villages &

(c) works relating to water-supply

(d) works relating to drainage

(e) new constructions including public buildings intended for the accommodation, regularly or periodically, of large numbers of people, such as schools, public halls &c.

Note: The limit Rs [illegible]

make proposals as to any
modifications which it considers
desirable from a sanitary point
of view. These proposals shall
be taken into consideration by
the authority executing the work
and be given effect to as far as
possible; provided that, when
such authority is unable to accede
the proposals, the matter shall be
submitted to Govt. for orders.

8. It shall be the duty of the
Sanitary Commissioner & the Dy Sanitary
Comrs. as the president and the
Secretary of the Central Sanitary Board
to bring from time to time, to the
notice of the Board, schemes for
the improvement in the sanitary
condition of any particular
locality or of the Station as a whole
When the necessity for such schemes
is recognised by the Board, they
shall be included in a register
of

of schemes which require attention immediately or in the near future. A list of such schemes entered in the order of their urgency shall be forwarded to the local authority or the Department of Govt. Concerned every year at least one month previous to the consideration of the Budget by such authority.

Note The list should be descriptive and should contain such items of information as will enable the authority in question to decide whether the schemes are such as will warrant their inclusion in the Budget estimate. In every case, the approximate cost should be stated.

9. The Board should ordinarily transact business by circulating papers but the President may convene a meeting at any time for discussing important matters.

10. Members should not speak the

(7)

the papers for more than a week.
As a general rule, no project
to be before the Board for more
than two months. Should a
longer period be found necess-
ary the fact should be made the
subject of a special report by
by the Sanitary Commissioner.

11. The president may through
the Secretary call for such inform-
ation from local bodies and their officers
as may be necessary for the furth-
erance of the business ~~before the~~ under these
~~Board~~ rules. Such information shall
be called for by letter and not
in the form of proceedings.

12. The Sanitary Commissioner & Sanit-
ary Engineer may Correspond direct
with the Sanitary Engineer on all
minor matters and may Consult
him informally as often as
necessary, but Communications
on important matters shall
pass through the Chief Engineer

or

or Copies be sent to him if they are not addressed to him.

13. All requisitions for projects shall be addressed by the Secretary to the Chief Engineer and not direct to the Shipbuilding Engineer

14. The Secretary shall summarize the opinion of the Board and the proceedings shall be recorded in the form of resolutions which will be signed by the president.

15. All resolutions shall be published in the Japan Gazette as soon, after they are passed, as possible.

16. In the event of a difference of opinion among the members of the Board, the decision of the majority shall prevail, the president having a casting vote, when votes are equally divided. But any member may record a minute of dissent and may require

require that the same be submitted
with a copy of the resolution to which
it relates, for the orders of Govt.

17 Each authority executing any
work on which the central Sanitary
Board have advised, shall, not
later than 31st January every year,
furnish information to the central
Sanitary Board, as to the progress
made in the execution of such work
together with explanatory remarks
in case of delay or failure to
carry out any of the estimates.
Such statement shall be in-
corporated by the Sanitary Commr.
in the Annual Sanitary Report
submitted to Govt.

18. The Sanitary Engineer shall
through the Chief Engineer furnish
a similar report to the central
Sanitary Board, in respect of
the estimates falling under
his jurisdiction.

Approved by 2nd member
Approved 18th. Approved 18th.

Rules regulating the constitution & functions of the Sanitary Boards in Mysore

I District Sanitary Boards.

1. The District Sanitary Board shall consist of six ~~members~~ or more members as the case may be, viz.,-

(1) The Deputy Commissioner & President of the District Board (President).

(2) The District Engineer.

(3) The District Medical Officer,

(4) The District Sanitary Officer (Secretary).

(5 & 6). ~~Two~~ District Municipal or ~~Local Fund~~ -- Board members (non-official members) not exceeding 4 in number nominated by the Deputy Commissioner --- ~~and approved of by Government~~.

Note:- In Districts where the Medical & Sanitary duties are combined in one officer, the District Medical & Sanitary Officer shall be the Secretary.

2. The ~~two~~ non-official members shall hold their seats on the Board so long as they continue to be members of the Municipal or ~~Local Fund~~ District Board, as the ---- case may be.

3. It shall be the duty of the District Sanitary

(1) Councils

Sanitary Board to advise Municipal and District Boards in regard to all schemes for sanitary improvement which may be — under the consideration of such ~~Boards~~ local bodies.

4. No sanitary work shall be undertaken by any Local ~~Board~~ body or Municipal Council without the ~~prior~~ previous approval of the Sanitary Board.

The term "Sanitary work" includes-

(a) construction of Hospitals, Dispensaries, markets, cattle-pounds, slaughter-houses, latrines, incinerators, urinals, cess-pools

(b) works relating to town improvement - such as Extensions, formation or removal of villages, diversions of roads, within Municipal limits or Unions;

(c) works relating to water-supply;

(d) works relating to drainage;

(e) new constructions including public buildings intended for the accommodation, regularly or periodically, of large numbers of people, such as schools, public halls, ~~&c.~~ Musafirkhanas and rest houses etc,

~~Provided~~ Exceptions - Minor sanitary works, such as

repairs

repairs to drains and other works involv

ing no new construction, if the matter

is urgent and if the cost is under Rs.

100/- need not come up before the Dis-

trict Sanitary Board.

5. Estimates for all Sanitary works, whether urban or rural, costing ~~Rs.1000/- and under~~ more than Rs.100/- shall be placed before the -- District Sanitary Board for opinion. After consideration and approval by the District Sanitary Board, the estimates shall be sanctioned by the proper authority and then referred to the District or Municipal Board for execution. If the amount of the estimate exceeds Rs.1000/- and does not exceed Rs.5000/- it shall be sent to the Sanitary Engineer for -- professional scrutiny before it is forwarded for the sanction of the competent authority, i.e., Government in the Local Fund or the Public Works Department.

6. Estimates costing Rs.5000/- and -- above shall be forwarded to the Central Sanitary Board for consideration and

submission

submission to Government.

The limits of Rs.1000/- and Rs. 5000/- laid down in this and the preceding rule are exclusive of the cost of site.

8. After an estimate has been sanctioned by the District or Municipal - Board or by the Chief Engineer or by Government, as the case may require, the District Sanitary Board shall have no control over execution of the works but it shall be open to the Board to - make proposals as to any modifications which it considers desirable from a sanitary point of view. These proposals shall be taken into consideration by the District or Municipal Board and be given effect to as far as possible; provided that, when the District or Municipal Board is unable to accept the proposals, the procedure prescribed in rule 10 shall be followed.

9. All administrative operations such as acquisition of property and services

of

(15

ıich require attention immediately or in

ıe near future. The register will in-

.ude all works requiring attention and

.ll enable the Board to decide as to the

:der of urgency in which the various ---

:hemes are to be taken up, due regard --

)ing had to the money available for ex-

:nditure. A list of such schemes shall

) forwarded to the President of the Dis-

'ict or Municipal Board every year at -

:ast one month previous to the meeting

' the District or Municipal Board at ---

.ich the Budget for the coming year is

) be discussed, in order that the Board

y consider what allotments can be made

r the works.

te:- The list should be descriptive and

ould contain ~~certain~~ such items of in-

rmation as will enable the District or

nicipal Board to decide whether the --

hemes are such as will warrant their

clusion in the Budget Estimate. In ---

ery case, the approximate cost should

stated.

(19

of notices shall be left entirely to the control of the District or Municipal --- Board concerned.

10. If the District Sanitary Board does not approve of the estimate referred to it for consideration, it may either ---- cause the estimate to be revised by the Engineering member, or it may return to it for revision to the local body concerned.

1ϕ. If the District Board or a Municipal Council or other authority objects for financial or other reasons to adopt a -- design or an estimate approved or modified by the Sanitary Board, it shall refer the matter to Government for orders through the ~~Sanitary Commissioner~~ Central Sanitary Board.

11. It shall be the duty of the District Sanitary Officer as Secretary of the Sani -tary Board to bring, from time to time, to the notice of the Board, cases where the need of water-supply or drainage schemes is specially indicated. Where such needs are recognised by the Board, they will be included in a register of schemes which ~~included in a register of schemes which~~

(15

which require attention immediately or in the near future. The register will include all works requiring attention and will enable the Board to decide as to the order of urgency in which the various --- schemes are to be taken up, due regard -- being had to the money available for expenditure. A list of such schemes shall be forwarded to the President of the District or Municipal Board every year at - least one month previous to the meeting of the District or Municipal Board at --- which the Budget for the coming year is to be discussed, in order that the Board may consider what allotments can be made for the works.

Note:- The list should be descriptive and should contain ~~certain~~ such items of information as will enable the District or Municipal Board to decide whether the -- schemes are such as will warrant their inclusion in the Budget Estimate. In --- every case, the approximate cost should be stated.

(16

For rules 12 & 13, read

12. The Sanitary Board shall ordinarily meet once a quarter for consideration of subjects submitted to it and for transaction of other business. Special meetings of the Board may also be convened by the President whenever he considers it necessary.

12. Subjects submitted for the consideration of the Sanitary Board shall be considered either in meeting or by circulation of papers.

13. The President may call a meeting of the Board whenever he considers it necessary, and shall do so on the request in writing of 2 members of the Board.

14. Notice shall be given at least 7 --- days previous to the date of the proposed meeting.

15. The President or any member or members of the Central Sanitary Board may, of their own accord, or at the request of the District Sanitary Board, attend any meeting of the District Sanitary Board and take active part in its discussions.

16. The proceedings of the Board shall be in the form of resolutions. Every resolution passed or decision arrived at by the Board on any matter taken up for consideration shall be recorded in a minute book to be kept for the purpose by the -- Secretary, or in his absence, by such member as takes his place and shall be

(17)

signed by the President or the member who presides at the meeting.

18. The Secretary shall have the custody of all the proceedings and records of the Board.

19. Should there be a difference of -- opinion among the members of the Board, the decision of the majority shall prevail. But Any member may record a ~~minut~~ minute of dissent and may require that the same be attached to the copy of the resolution ~~so~~ passed by the Board

When the votes are equal, the President or, in his absence, the chairman for the time being, shall have a casting vote.

II

Central Sanitary Board.

20. The Central Sanitary Board shall consist of five members, viz.,

(1) Jh Sanitary Commissioner (President).

(2) Jh Revenue Commissioner.

(3) Jh Chief Engineer.

(4) Jh Deputy Sanitary Commissioner (Secretary).

(5) Jh Sanitary Engineer.

21. It shall be the duty of the Central Sanitary Board to advise on all -- schemes for sanitary improvement costing Rs.5000/- and above that may be referred to

(18 any local authority

to it for consideration by the President of a District or Local Board (including the City Improvement Trust Board & the Kolar Gold Fields Sanitary Board) or by the Chief Engineer or by Government.

22. It shall also be its duty to give advice generally on all Sanitary matters of immediate practical interest, that may be referred to it for opinion.

23. The Board shall ordinarily transact business by circulating papers but the President may convene a meeting at any time for discussing important matters.

24. Members shall not keep the papers for more than a week. As a general rule, no project is to be for thek before the Board for more than two months. Should a longer period be found necessary, the fact should be made the subject of a spe-cial report to Government by the Sanitary Commissioner.

25. The President may through the Secretary call for such information from --

local

(69

local bodies and Government officers as may be necessary for the furtherance of the business before the Board. Such information shall be called for by letter and not in the form of proceedings.

25. The Sanitary Commissioner and Deputy Sanitary Commissioner may correspond direct with the Sanitary Engineer on all minor matters and may consult him informally ~~each other~~ as often as necessary, but -- communications on important matters shall pass through the Chief Engineer, or copies sent to him ~~even~~ if they are not-- addressed to him.

26. All requisitions for projects shall be addressed by the Sanitary Commissioner to the Chief Engineer and not direct to the Sanitary Engineer.

27. The Secretary shall summarise the opinion of the Board and the proceedings shall be recorded in the form of resolutions which will be signed by the President.

28. All resolutions shall be published in the Mysore Gazette as soon, after they

(20

they are passed, as possible.

29. All new or revised projects sent up by the Board of Trustees for the City -- Improvement, Mysore, shall be carefully scrutinised and checked in the Chief -- Engineer's Office in respect of their -- Engineering features and then placed be- fore the Central Sanitary Board for ap- proval. After approval, they shall be for warded to Government for sanction throug the Chief Engineer.

30. In the event of a difference of opi -ion among the members of the Board, the decision of the majority shall prevail, the President having a casting vote, when v are equally divided. But any member may record a minute of -- dissent and may require that the same be submitted with a copy of the resolution to which it relates, for the orders of -- Government.

31. The Presidents of the District and Municipal Boards shall, not later than 31st January every year, furnish informa tion to the Central Sanitary Board as t to the progress made in the execution o

Proceedings of the Central Sanitary Board in Mysore

-----:0:-----

R e a d : -

Letter No. 10647 Sany. 17-12-2 dated the 23rd ~~Instant~~ Aug. 1914 from the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments forwarding a set of rules for regulating the conduct of business of the Central Sanitary Board.

Resolution No. 5...

Bangalore dated the 28/12 May 1914.

Resolved that the rules which are well-framed, be adopted and their adoption recommended.

President,
Central Sanitary Board.

P.H.

(25

Note dated the 14th May 1914 ~~of~~ by the Chief Engineer.

-----:0:-----

Subject - Rules for the regulation of business by the Central Sanitary Board.

Reference - Central Sanitary Board - President's memo No. 10 dated the 29th April 1914 inviting opinion thereon.

The rules framed for the purpose seem to be all right so far as they go. But the following alterations or ~~S~~amplifications will be required to make them complete.

Adopted I a parts - etc omitted

2. Clause 4 - " etc " at the end of sub clauses (a), (b) and (c) should be removed and anything understood made definite and not left to be inferred.

Sub clause (e) - No object will be gained by referring projects of the kind enumerated in this clause to the Central Sanitary Board. Under this may be comprehended even office buildings, school houses and public offices which concern more the Heads of Departments and it is for them to decide what ~~d~~anitary requirements are needed. Public halls are the concern of the Town Municipalities. Such estimates are not strictly sanitary estimates and may therefore be left out.

cl 2 I b Retained

Clause 6 - By whom are the projects checked in the Chief Engineer's Office to be placed before the Sanitary Board? The last sentence of this clause would seem to imply that the projects should be finally submitted by the Chairman of the Improvement Trust Board of Trustees after " for approval " in line 5 of this clause.

II Adopted ..

By the Board or the Secy to whom the clerk sent the papers.

If so, insert " by the Chairman of the Board

By the Secretary.

(26

Clause 17 - It is presumed that the Executive Engineers, Deputy Commissioners, District Board Presidents or Municipal Presidents are meant by the expression " each authority " at the beginning of this clause.

III Adopted

3. Rules 4 and 5 seem to clash with each other. Rule 4 lays down that the previous approval of the Board is necessary only to projects costing more than Rs. 5000/-. Rule 5 requires that all estimates requiring the sanction of Government and the connected papers should be submitted through the Board. In the Municipalities, District Boards and other Departments of Government even estimates below Rs. 1,000/- have to be submitted to Government for sanction. As per present rules all such projects costing Rs. 1000/- to Rs. 5000/- will have to be scrutinised by the Sanitary Engineer as per note to Rule 4. The necessity for submission of such estimates through the Central Sanitary Board, simply because they have to be sanctioned by Government, is not apparent. It will ~~stand~~ extend their province of scrutiny even to minor estimates and good deal of delay in execution will be the result.

IV Amended Rule may be adopted.

Rule 5 may be omitted as the modus operandi of the disposal of estimates costing Rs. 5000/- and above is covered by Rules 4 and 6.

Rule 5 may be omitted

Y

Instead to know that the papers should reach Govt through C.S.B.

" Copy "

President,
Central Sanitary Board.

Extract from the resolution of the Govt. of India, on the subject of Sanitation in India.

× × ×

Sanitary Boards

"In every province, Sanitary Boards have been constituted with varying powers, some being merely advisory, others having authority to sanction schemes and allot funds. These boards are composed of officers belonging to the Medical, Sanitary, Engineering and other branches of the civil services with the addition of non-officials. The Govt. of India view with pleasure and confidence the devolution of financial authority and responsibility to these boards, and they commend to local Governments the appointment of a permanent salaried secretary to the Board where this has not been done. They believe that such an appointment, wherever made, has resulted in an increase of efficiency."
